## Work Experience

### Frontend Developer Trainee — TECHVED Consulting

Mumbai, Maharashtra

October 2024 – Present

- Developed and maintained responsive websites using HTML, CSS, JavaScript, and Bootstrap.
- Implemented frontend features using React.js and Next.js to enhance user experience and SEO.
- Collaborated with designers and backend developers to deliver interactive, user-friendly interfaces.
- Used Git for version control and Orangescrum for task management and team coordination.

## Projects

### Hunar Employee Skill Matrix | HTML, CSS, JavaScript, Chart.js, jQuery

Internal Project 2025

- Built the frontend of an internal skill assessment platform where employees self-rate their skills, followed by RM ratings, producing a final weighted score.
- Implemented visual dashboards using Chart.js to display skill data at both department and organization level, aiding leadership decision-making.

### College Information Retrieval System

October 2023

- Developed a responsive interface using HTML, CSS, and Bootstrap for easy access to college data.
- Integrated APIs to fetch and display real-time college information efficiently.

### Workers Handyman Solutions | HTML, CSS, JavaScript

April 2024

- Created a platform connecting individuals with handyman services, offering intuitive user experiences for both service seekers and providers.
